Statement of Work (SOW); Attachment 1

The Serial Number Reporting Requirent (SNRR)

This SOW applies only to items identified as Flight Safety Parts (FSP), Time Change (TC)/Retirement Change (RC) items, or other components requiring assignment/approval of serial numbers as described by AMCOM. These items are identified within the Technical Data Package (TDP). The SNRR is a reporting requirement for serial number assignment/approval.

In order for the contractor to fulfill the requirement of the SOW, it will be necessary for him to have or initiate serial number controls for each designated item and follow the reporting as instructed below or according to government approved alternate instructions. This serial number control/reporting requirement applies to the end item(s) to be delivered under this contract and to any components of the end items(s) required to be serialized by this contract whether produced by the contractor or a subcontractor. If subcomponents are Government Furnished Parts (GFP), no reporting is required.

In the event this contract prescribes activities such as; maintenance, overhaul, inspection, repair, test or modification of items, and no reserialization or part number change is required on the item, and no new subcomponents requiring serialization are produced either by the contractor, or any subsubcontractor, then there is no reporting requirements under this SOW.

In the event the contractor does not have a serial number development and assignment system for it's products, the contractor may submit a request that serial numbers be assigned by the government.

Proposed serial numbers or range of serial numbers to be utilized on designated items under this contract shall be submitted prior to assigning the item(s) a serial number. This list should be submitted to: Commander, U.S. Army Aviation and Missile Command, ATTN: AMSAM-MMC-MA-NM (SMRR), Redstone Arsenal, Alabama 35898-5230, E-MAIL; snrr@redstone.army.mil or FAX (256)876-4904 with copies of the transmittal document and data furnished to the cognizant Administrative Contracting Officer. The content of each submission is a follows:

- a. Proposed serial number or range of serial numbers
- b. Contract Number (include Delivery Order and Shipment Number
- c. Contractor's Name
- d. Commercial and Government Entity (CAGE) Code
- e. National Stock Number
- f. Part Number
- q. Nomenclature
- h. Model

Simultaneously with each delivery of the designated items under this contract, the contractor shall submit a copy of the DD-250 to:

Commander, U.S. Army Aviation and Missile Command.

ATTN: AMSAM-MMC-MA-NM (SNRR), Redstone Arsenal, Alabama 35898-5230,

E-MAIL; snrr@redstone.army.mil or FAX (256)876-4904 which is used to accept delivery of the aircraft items and which will contain a list of all serial numbers of the accepted items.

In no event shall the contractor use the serial numbers approved by the government, for this contracte in any other application with the same base part number, such as commercial sales of a different government contract. Nor shall the contractor reuse a serial number assigned to a part that is scrapped prior to delivery. The contractor shall give a complete list of serial numbers delivered uner this contract and list what happened to the serial numbers not delivered. Example serial number XXXX was scrapped or serial number XXXXX was delivered to the Air Force
